ALOE

A close-up photograph of a dense, vibrant green texture. The surface appears to be composed of many small, overlapping, fibrous or leaf-like elements, creating a rich, organic pattern. The color is a deep, slightly varied green, with some lighter and darker patches, giving it a natural, textured appearance.

MOON

A close-up photograph of a light beige or off-white textured surface. The texture is fibrous and irregular, similar to recycled paper or a natural material like cotton. There are subtle variations in tone, with some areas appearing slightly darker or more yellowish, and small dark specks scattered throughout, contributing to its organic and tactile appearance.

The background of the image is a close-up, slightly blurred view of architectural blueprints. A black pen lies diagonally across the top right, and a white ruler is visible in the bottom left corner. The blueprints show various lines, grids, and some numbers like '580' and '150'.
